SEE'S ORDERING ONLINE THIS YEAR

This year See's Candy fundraising will not be the same as in the past. Thanks to Covid-19, it forced us to change the process, as well as the name!

It's now called "Yumraising", and it's all "Virtual".

Just think about it; no more buying candy from the store, keeping the inventory at Pete's garage (Pete and Judi will be happy), setting up store front tables, protecting the candies from sun or rain (members will be happy), collecting money, checks, credit cards, counting the money every night (Jeff will be happy), depositing the money and checks at the bank (Kathy will be happy), and finally reconciling the inventory and bank account at the end of sales (Jeff will be happy), and a few other steps! But under the virtual sales, after identifying your potential donors and forwarding the attached letter to them, we all can sit back, relax, and see the money roll-in!

1. Yumraising ends December 4.

2. Buyers will be charged for shipping per following: Under \$35= \$6.95, \$35-\$65= \$4.95, Over \$65 is free

3. Buyers will pay See's directly via credit card (Visa, MC, etc). The candies will be shipped to the location stated in the order form by the buyer.

4. For purchases by retirees at the Senior Livings, a separate procedure will be worked out soon.

5. Due to complexity of ordering and shipping candies to the Marine Base, we will have to develop a separate practical procedure.

6. Once the Yumraising ends on December 4, no more orders will be accepted by See's company. Meanwhile, a profit check will be processed within 15 business days (after Dec. 4) and made payable to Kiwanis Club of Mission Viejo.

Below is the link that will be included in your letter for sending to your potential supporters.

Let' begin Yumraising! Time is of the essence!

Check your email for the letter that you can send to your supporters. Please review the letter and let's discuss it in our meeting on Tuesday if you have any questions.

CLUB CONTRIBUTES TO CHILD LIFE PROGRAM

The Club has contributed a wide variety of craft supplies and a gift card to support the Child Life Program at CHOC at Mission .

Lindsey Clark (right) is a Child Life Specialist who worked with members Steph, Martha and Debbie to coordinate our efforts.

Lindsey spoke to the club Tuesday detailing how her

group works with patients in infancy to 18 to explain medical procedures and to keep the kids busy to take their minds off various treatments.

Lindsey also works with siblings and parents to offer explanations and comfort. They deal with about 12 patients a day plus infants.

She started at CHOC nearly 12 years ago.

A man with a metal detector has found a long-hidden, 222-year-old coin under a few inches of soil outside a church in Maine. The copper penny, dated 1798, comes from the first decade of American-minted money in North America. Estimates place the worth of the coin at \$200, but the finder has no plans to sell .

Cristian Mallocci, who runs a farm on the Mediterranean island of Sardinia, was shocked when one of his eight dogs gave birth to a green-furred puppy immediately named Pistachio. It's very uncommon for a dog to be born with green fur. The phenomenon is believed to occur when pale-colored puppies make contact with a green pigment called biliverdin while in the womb..

NOW YOU KNOW — There have been 27 amendments to the U.S. Constitution. The first 10 are known as the Bill of Rights. No. 21 repealed No. 18 (Prohibition). Six proposed amendments were never ratified by three-fourths of the states, including the Equal Rights Amendment (1972) and a proposal to have the District of Columbia represented in the U.S. Congress (1978).

Volunteers are needed to fill the new three-member Social/Activity Committee to help plan club events this year. Contact Jeff for details.
